

Curriculum vitae of Prof Dr. / Haney Mahmoud Madbouly

Professor of Virology, Department of virology, Fac., Vet., Med., Beni-Suef University

- Name: Hanafy Mahmoud Madbouly
- Date of birth: 10/1/1956 Qaliubiya, Egypt.
- Title: **Department of virology, Fac., Vet., Med., Beni-Suef University, Egypt**
- Tel: -0822327982, +02 01006103346, fax: +02 0822327982
- e-mail: hmmadbouly @ gmail.com

Qualifications:

- Bachelor of veterinary medical sciences role 1979. good estimate
- Master of veterinary medical sciences (Microbiology of animal diseases) at 7/7/1984 "virology" **Address: (studies on bovine leukemia and other lymphogenic viruses of cattle and buffaloes in Egypt)**
- PhD in veterinary medical sciences (Microbiology of animal diseases) on 25/6/1987 research subject "comparative study on tests used to diagnose rinderpest".
- Get the Bachelor of Religion Origins, Department of Tafseir, Al-Azhar University, 1999.

Employment status:

- Appointed Assistant Lecturer (22/4/1980) and Research Assistant (18/7/1985) and Assistant Lecturer (13/8/1985), researcher (22/7/1987) National Research Centre.
- Appointed Assistant Lecturer (16/10/1988), Lecturer (22/2/1989), Assistant Professor (24/2/1993), and Professor (29-30/6/1998), Faculty of veterinary medicine at the University of Cairo Beni- suef branch.
- Lordship acting head of virology department in 12/4/1994-12/9/1998.
- Head of virology Department in 13 September 1998.
- Renewal of sovereignty in section 14/9/2001 to 31/09/2013
- A member of the Faculty Council and the scientific committees emanating from it (education and Student Affairs Committee, Committee on graduate studies, community service and environmental development Committee) since 1994 till 2015 Manager of Unit of quality assurance since 2007 until 2012
- Executive Director for the continued development and accreditation of the College code CP4/020/BSU

Administrative positions at the University *

- Supervisor of research department at Beni Suef University in 2009

- Director of the Center for Management Information Systems at Beni Suef University on October 28, 2009 - 30 September 2010
- *Director of the Development Project Management Unit issued the decision to work from October 1, 2010
- Executive Director of Information at Beni Suef University since October 1, 2010.
- Member of the National Committee for information and communication technology ICT Projects from October 1, 2010
- ICTP Project Coordinator issued the decision to act from October 1, 2010
- Member of the High Committee for Research Management of the University by decision of the President of the University No. 226 on 21 June 2009
- Member of the Board of Directors of the University Awards from 13/10/2009
- Member of the Board of Directors of the Project Development Unit at Beni Suef University 2009
- Member of the Board of Directors of the Quality Assurance Center at Beni Suef University 2009
- Member of the Committee formed to prepare the strategic plan of Beni Suef University 2009 – 2014.
- Member of the Board of Directors of the Strategic Planning Unit of Beni Suef University
- Member of the Executive Committee for the Preparation and Writing of the Strategic Plan of Beni Suef University 2009/2014
- Coordinator of the Video Conference Project between the University and ICTP Project at the Ministry of Higher Education

Scientific missions abroad:-

Scientific post doctorate mission to Japan State for three months from 13/7/2007 to 12/10/2007

Patents:

- Patent ID: 24131 in 30/7/2008 entitled "a new way to prepare a vaccine against virus inducing infectious bursitis disease (IBD) in chicken from Egyptian strains and adjuvented with Nigella Sativa oil emulsion"
- Registration for Patent ID: 1912/2/2013 entitled: (Turkey **Rhinotracheitis virus F gene DNA based vaccine from Egyptian strain for vaccination of turkey and chicken**)
- Registration for Patent to prepare a vaccine against influenza virus (H5 DNA based vaccine) using genetic structural engineering technology.

Scientific prizes:

1. State merit Prize in biological sciences for the year 2002

2. Award for best research in seventh Scientific Conference of the Faculty of veterinary medicine in Giza, Cairo University 2002.

3. Award for best research in third Scientific Conference of the Faculty of veterinary medicine in Beni suef University, Cairo 2003.

Participate in national scientific research projects:

- As a researcher in the academic project against rinderpest 1985
- As a researcher in ID: 216 project funded by the American side and Egyptian 1986

Research projects funded by the scientific contacts, and he was the main project principal Investigator:

1. The principal investigator of a project funded by the University of Cairo "isolation and classification of viruses that causing respiratory and intestinal diseases in chickens with particular regard to infectious bronchitis virus and reoviruses"
2. Manager of the project financed by the QAAP administration project , Supreme Council of universities entitled "establishment of an internal system to ensure the quality of education in the College of veterinary medicine in Beni suef" - code B/CAI/03/05/2
3. Principal investigator of a project financed from the Fund The development of science and technology entitled (preparation of vaccines against respiratory virus in turkeys and chickens "ID 244
4. Executive Director for the continued development and accreditation of the College code CP4/020/BSU

Scientific shields and honours:

- shield of Cairo University 2002 State Prize for 2002
- sovereignty incentive shield KWB BNS 2002
- 3-armour College of veterinary medicine scientific conferences for 2003, 2005, 2007
- seventh scientific conference shield of scientific miracles in the Quran and Sunnah in Dubai – U.A.E. State March 2004
- shield General Union for veterinarians 2007
- Beni suef University shield 2009 first Conference to develop university education in his lordship the Rapporteur of the Conference
- shield Thursday. From which emerged for his scientific miracles in the Quran and Sunnah
- Sudanese War College shield 2010 for his scientific miracles in the Quran and Sunnah

- South Valley University shield 2010 for his scientific miracles in the Quran and Sunnah
- Al-Azhar University shield, 2010 for his scientific miracles in the Quran and Sunnah
- shield Monastir Palace of science State of Tunisia on the first scientific conference on scientific miracles in the Quran and Sunnah may 2012
- 12-certificates of appreciation from the world body for scientific miracles in the Quran and Sunnah to participate in scientific research Global and international and local conferences

Number of publications:

- 1- 90 search papers in English within six international conferences, and in specialized international(23) and local magazines (67)
- 2- number of theses supervised sovereignty: 55 letter of them 30(Master degree) and 25 (Ph.D thesis)

Pricing of education projects:

1. attending the workshop which train sets operate all governmental universities in Egypt to train faculty members interested in applying with projects funded by the education development projects Fund ((HEEP TOTO
2. member of the working group which prepared the training programs, and training faculty at Cairo University, Beni suif branch interested in applying for education development projects funded by the Education Development Fund (HEEPF)
3. attend many conferences and training courses and workshops for project guarantee and quality assurance
4. Manger of the project guarantee and quality assurance Faculty of veterinary medicine University of Beni suef (B/CAI/03/05)
5. 5-participating in research projects with arbitration Academy of scientific research and technology (national strategic programmes for biotechnology and genetic engineering).

Training courses in the field of higher education development:

- 1- TOT-training of trainers in education development projects HEEPF
- 2- cycle TOT for external auditors of national body to ensure quality education and certification from 14-16 September 2008
- 3- strategic planning cycle national organization to ensure quality education and accreditation of 17-18 September 2008

- 4- cycle higher education external auditors to national organization to ensure quality education and certification of 21 – 25 September 2008
- 5- course technology contact the national organization to ensure quality education and certification
- 6- " Business ethics in the medical field and biosafety in research labs "with the Egyptian society for Immunology University of international Egypt from 26-28 November 2008
- 7- cycle simulation for external auditors may 2009 National Organization to ensure quality education and certification
- 8- intensive for reviewers breakers 4-6 January 2010 National Organization to ensure quality education and certification

Training courses in veterinary medicine:

1. attend in electron microscopy., Faculty of science, Alexandria University
2. Attend the course in molecular biology, the PCR to veterinary school, Cairo University.
3. Attend a course in English language and Translation Centre at Cairo University and computer courses in the Institute of statistics.

Seminars and training programs:

1. Participation in the seminar, Faculty of veterinary medicine in Beni suef titled "livestock and their impact on the environment and development (problems and solutions)" with a lecture entitled "immunization problems of viral diseases in poultry."
2. Participation in theoretical and practical lectures in seminars and training programs by: a) veterinary Directorate of Beni suef. B) Directorate of agriculture in Beni suef. C sexual Research Institute) pyramid Giza.

Scientific conferences:

1. participate in many national and international scientific conferences, scientific seminars and scientific research workshops
2. Participate in many scientific conferences without papers.

Scientific and practical experience:

- 1) Expertise in viral diseases that infect the lymph and blood cancer in cattle.
- 2) Expertise in isolating and classification of viruses that infect livestock and Fisheries Committee's parents.
- 3) Teaching of virology for students of third year of Bachelor degree
- 4) Teaching students of post graduate students (diplomas – master – doctorate) including theoretical and practical part in Veterinary colleges of

universities (Beni suef, Tanta, Suez canal, banha), Beni suef University faculty

- 5) Teaching molecular biology for diploma, master's and doctorate in the Faculty of veterinary medicine University of BNS
- 6) Teaching microbiology Technical Institute students adopt healthy BNS theoretical and practical laboratories Division.
- 7) Expertize and certified auditor of the national authority for quality assurance and accreditation (accreditation visit veterinary medicine Zagazig university 2014, veterinary visit Alexandria 2016 and veterinary medicine of el-Mansoura University 2019)

Scientific School:

- 1) supervise theses students (30) Master and PhD (25) in different veterinary colleges universities (Beni suef, Egypt, Kafr El-Sheikh), National Center for research, institutes (animal health research – Dokki, the sexual research-institute pyramid, serum and vaccine research and production- institute Abbasiyah) and the General Authority for veterinary services, FARDC.
- 2) Providing services for animal and poultry farms and placing immunization programs and disease control.
- 3) Diagnostic and Service Center Veterinary Clinic for field work

Where the academic the joint sovereignty of societies:

1. The Egyptian poultry Veterinary Association
2. Egyptian Veterinary Association for the development of Buffalo.
3. The World Veterinary poultry Association.
4. The Egyptian society of virology.
5. Arabic Association for environmental safety and occupational health
6. Egyptian society of Virology.

Books and authors:

- 1- Basis of veterinary virology.
- 2- Basis of molecular biology.
- 3- Basis of diagnostic virology.

Experiencing Beni- suef University Veterinary College to this statement of fact file on Mr Dr Hanafy Mahmoud Madbouly Professor of virology, Department of Virology at the request of his sovereignty.
