

CV

Dr/ Naglaa Mohamed Abdel Azeem

Lecturer in Animal and poultry behaviour and management department,

Faculty of Veterinary Medicine

Phone: +2 082 2343035

FAX: +2 082 2327982

E-mail: nagl81b@yahoo.com

Naglaa.mohamed@vet.bsu.edu.eg

Nationality: Egyptian

Scientific status :

-2003 B.Sc., Veterinary Medicine, Cairo University.

-2007 Mv .Sc., Veterinary Medicine, (Animal and poultry behaviour and management) Beni-Seuf University.

Title: Stress resulting from some management practices on sheep herds.

-2011 ph D, Veterinary Medicine, (Animal and poultry behaviour and management) Beni-Seuf University.

Title: Effect of Maternal and Managerial Factors on Lamb Performance.

Functional status:

- Demonstrator, Department of Hygiene, Management and Zoonoses, Faculty of Veterinary Medicine Beni Suef University, from 2004 to 2007.
- Assistant Lecturer, Department of Hygiene, Management and Zoonoses, Faculty of Veterinary Medicine Beni Suef University from 2007 to 2011
- Lecturer, Department of Hygiene, Management and Zoonoses, Faculty of Veterinary Medicine Beni Suef University since 2011 till now.

Academic teaching and Responsibilities:

- Theoretical and practical teaching for students of Veterinary Medicine Undergraduate.
- E-learning of Animal Behaviour and Management in related to National E-learning Center, Ministry of Higher Education –Egypt.
 - Teaching theoretical lectures of basis of animal management for undergraduate students at faculty of Agriculture-Beni Suef Univesity.

Scientific activities:

- Co-author of Animal and Poultry Behaviour and Management, second year student book (two parts).
- Supervisor of students at master and PhD degrees.

Conferences and seminars and training courses

- 1 - Attend a workshop on writing outstanding research projects that locally and internationally compete.
- 2 - Attend the Second Scientific Conference of the Project Management Unit development of higher education, "the role of information and communication technology in the development of higher education and scientific research."
- 3 - Attend an intensive course on Biostatistics and training on use of SPSS (3-5 July 2012) at Beni Suef University.
- 4 - Attend a workshop adaptation and climate change research center - Alexandria University during the period from 17/10-19/10/2012 under the title "Socioeconomic impact of climatic changes impact on sea level rise (SLR)"
- 5 - Attend the session to pass quality assurance standards required in the strategic plan. Held in the center of the development of faculty members - Beni Suef University, which was held in 12/08/2012.
- 6 - Attend a quality assurance standards required to pass standards required in the self-evaluation. Held in the center of the development of faculty members - Beni Suef University, which was held in 10/12/2012.
- 7 - Attend a scientific conference "Development and evaluation of system affiliation in Egyptian and Arab universities," April 9, 2013 at the Beni Suef University.
- 8 - Attend an intensive course for "Teambuilding for team leaders" 30/4/2013 provided by the German Academic Exchange Service. (DAAD).

9 - Attend the scientific conference "Towards building a research strategy for the University in the next decade" in the period from 12 to 13 November 2013 at the Beni Suef University.

10- Attend the fourth international scientific conference "The role of private businesses and civil society in the elevation and advancement of peoples" in the period from 18 to 19 February 2014 at Beni Suef University.

11- Pass "self-evaluation of institutions of higher education" course - training team- National Authority for quality assurance and accreditation of higher education - in the period from 5-6 April,2014.

12- Organized and attended the Hygiene, Management and Zoonoses department's 1st scientific conference entitled

"Hygiene, Management and Zoonoses department between reality and hope"

Faculty of Veterinary Medicine, 8 April 2014.

13- Pass "Programs and curriculum maps characterization of institutions of higher education" course - training team- National Authority for quality assurance and accreditation of higher education - in the period from 15-16 April 2014.

14- Pass "Effective learning of institutions of higher education" course - training team- National Authority for quality assurance and accreditation of higher education - in the period from 17-18 April 2014.

15- Pass "External auditing of institutions of higher education" course - training team- National Authority for quality assurance and accreditation of higher education - in the period from 26-27 April 2014.

16- Pass "Strategic Planning of institutions of higher education" course - training team- National Authority for quality assurance and accreditation of higher education - in the period from 3-4 May 2014.

17- Attend the postgraduate and research sector's seminar entitled "The Effectiveness of researches subsidized from university" held on Sunday, Aug. 24, 2014.

18- Attend identifiable workshop about "E-Learning services and activating the use of produced electronic courses and marketing of electronic courses produced at other universities" held on Tuesday 9-12-2014 at faculty of veterinary medicine.

19- Successfully completed the training course "Creative Teaching Skills (CTS)" within the researcher's cognitive development program which held at college of Arts-Beni Suef University from 10th to 11th December 2014.

20- Attend and participate in the 7th scientific conference of the Egyptian society for animal management "reducing the risks in animal, poultry and fish production" which held at 26-30 august 2015 Cairo-Sharm elsheekh.

21- Attend the conference of Beni Suef University for plagiarism entitled "Plagiarism in academic researches-the phenomenon and its treatment-" from 17th to 18th November 2015.

22- Participation in the 1st scientific conference of education and students affairs sector - Beni Suef University entitled " The development of educational and student services for universities in the light of the challenges of the labor market (the experiences and visions of the future) learning, trained, competed, " which held in the period from 18-19 April 2016.

23- Participation in the Alexander von Humboldt Foundation symposium and access to research grants for post-doctoral studies in Germany, held on Tuesday, May 24, 2016.

24- Attend the four workshops on Scientific writing and publishing, Parasites of farm animals, Impact of parasitic disease for the veterinarian and Anthelmintic resistance what's old, what's new, what's up?. Which held from 11th to 14th July 2016 at Beni-Suef University.

25- Participation in the IT Seminar: The move to upgrade the educational process, held on Sunday, August 28, 2016.

26- Attend a seminar "for the deployment of scientific research bases in the Journal of Veterinary Medicine" held on Sunday, September 4, 2016.

27- Participate in the forum to develop scientific research at the University of Beni Suef, held on Tuesday, September 6, 2016.

28- Participating in the seminar "good researcher and publication of the international", held on Sunday, September 18, 2016.

29- Participating in the seminar "How to prepare a research project proposals-steps of writing and funding", held on Tuesday, October 4, 2016.

Scientific society's membership:

Member in Egyptian society for animal management

Member in ICUC – Faculty of veterinary medicine

Member in the national genetic science committee

Research:

In animal and poultry Behaviour and Management and effect of Management practices on animal behaviour and performance.
