

Biographic Sketch

- Dr. Saber Abd-Allah received his B.S. degree in Veterinary Medical Sciences with Very Good grade with mark 75.3%, from Cairo University and then earned his M.V.Sc. and Ph.D. in Cell Biology (Mammalian Cell Culture and Cytogenetics) from Cairo University, Egypt.
- He is currently Professor of Theriogenology, Faculty of Veterinary Medicine, Beni-Suef University, Egypt.
- He awarded a postdoctoral fellow from Chinese Academy of Sciences, China, 2014 and it allowed him to spend 6 months on research at the Shanghai Institute of Biochemistry and Cell Biology and His Research focus on neural stem cell culture and development and also, awarded CV RAMAN International Fellowship for African Researchers, India - 2012, it allowed him to spend 3 months on research at the Central Institute for Research on Buffaloes and His Research focus on Ovum Pick-up, Superovulation and Embryos Recovery.
- Dr. Saber Abd-Allah is the Founder of 4 International Journals and Editor -in- Chief of 14 International Journals in addition, he is editor or reviewer in Elsevier, Taylor and Francis, ScholarOne, Springer etc. and Actually, he is Editorial board member of > 100 International Journals. Also, he serves as a peer reviewer for > 200 International Journals.
- Dr. Abd-Allah is the Founder and Chairman of Reproductive Biology and Genetics Society (RBGS), IACSIT, Singapore and involved in > 100 International Associations & Societies.

- His scientific research is focused on various areas of Cell biology including Embryonic Stem Cell Culture and Development, Induced Pleuripotent Stem Cell, Neural Differentiation, oocyte and embryo culture, *in vitro* fertilization, *in vitro* embryo production, Embryo Transfer, Cryopreservation of ovaries, oocytes, embryos and semen, Follicle Ablation, Ovum Pick-Up. Ovarian Superovulation. In addition, Cytogenetic and Molecular biology.
- Dr. Abd-Allah has been author for 5 books and published more than 25 articles as single or first author, 20 of which are cited by the science citation index (SCI) or PubMed.
- Dr. Abd-Allah is a well sought-after and Invited Plenary Speaker, Organizing Committee, Oral presentation at International Conferences & Meetings and Workshops around the world.
